RESUSCITATION

Volume contents

Volume 29 (1995)

Editorial

In This Issue 1

Clinical Studies

C. Choux, P.-Y. Gueugniaud, A. Barbieux, E. Pham, C. Lae, P.-Y. Dubien, P. Petit (France)
Standard doses versus repeated high doses of epinephrine in cardiac arrest outside the hospital 3

J. Herlitz, L. Ekström, B. Wennerblom, Å. Axelsson, A. Bång, S. Holmberg (Sweden)
Hospital mortality after out-of-hospital cardiac arrest among patients found in ventricular fibrillation 11

J.J. Shultz, M.J. Mianulli, T.M. Gisch, P.R. Coffeen, G.C. Haidet, K.G. Lurie (USA)
Comparison of exertion required to perform standard and active compression-decompression cardiopulmonary resuscitation 23

T.H. Rainer, M.W.G. Gordon, C.E. Robertson, S. Cusack (UK; Ireland)
Evaluation of outcome following cardiac arrest in patients presenting to two Scottish emergency departments 33

C.F.M. Weston, C.C. Burrell, S.D. Jones (UK)
Failure of ambulance crew to initiate cardiopulmonary resuscitation 41

T.J. Hodgetts, T. Brown, P. Driscoll, J. Hanson (Australia; UK)
Pre-hospital cardiac arrest: room for improvement 47

Experimental Studies

M. Steinfath, J. Scholz, J. Schulte am Esch, S. Läer, A. Reymann, H. Scholz (Germany)
The technique of endobronchial lidocaine administration does not influence plasma concentration profiles and pharmacokinetic parameters in humans 55

K. Tachibana, K. Oishi, M. Arich, K. Tsushima, M. Uchida (Japan)
Contribution of brain injury to hypertension following intravenously-administered pancuronium in rats 63

ERC Newletter 69

Literature of resuscitation 73

Instructions to authors 77

Announcements 79

In This Issue 81

Editorials

J.P. Ornato (USA)
The regulatory moratorium on clinical resuscitation research in the United States 83

R.W. Koster (The Netherlands)
Correction of acidosis during cardio-pulmonary resuscitation 87

Clinical Studies

T. Dybvik, T. Strand, P.A. Steen (Norway)
Buffer therapy during out-of-hospital cardiopulmonary resuscitation 89

J. Herlitz, L. Ekström, B. Wennerblom, Å. Axelsson, A. Bång, S. Holmberg (Sweden)
Survival among patients with out-of-hospital cardiac arrest found in electromechanical dissociation 97

S.D. Jones, P.D. Donnelly, J. Bewley, C.F.M. Weston (UK)
Respiratory arrest outside hospital 107

0300-9572/95/$09.05 © 1995 Elsevier Science Ireland Ltd. All rights reserved

A. Murray, R.H. Clayton, R.W.F. Campbell (UK)
Assessment of the ventricular fibrillation detection algorithm in the semi-automatic Cardio-Aid defibrillator 113

L. Wik, R.T. Brennan, A. Braslow (Norway; USA)
A peer-training model for instruction of basic cardiac life support 119

T. Schneider, D. Mauer, P. Diehl, B. Eberle, W. Dick (Germany)
Does standardized mega-code training improve the quality of pre-hospital advanced cardiac life support (ACLS)? 129

Case Reports

B. Venkatesh, T.H. Clutton-Brock, S.P. Hendry (UK)
Continuous intra-arterial blood gas monitoring during cardiopulmonary resuscitation 135

D.W. Harling, R.M. Wilson (UK)
Misleading result from a capillary blood sugar sample during acute resuscitation 139

Experimental Papers

A. Capone, P. Safar, S.W. Stezoski, A. Peitzman, S. Tisherman (USA)
Uncontrolled hemorrhagic shock outcome model in rats 143

D.E. Spreng, D.J. DeBehnke, D.T. Crowe, G.L. Swart (USA)
Evaluation of an esophageal doppler probe for the identification of experimental pseudo-electromechanical dissociation: a preliminary study 153

Y.-M. Yao, Z.-Y. Sheng (C.Y. Sheng), Y. Yu, H.-M. Tian, Y.-P. Wang, L.-R. Lu, S.-H. Xu (People's Republic of China)
The potential etiologic role of tumor necrosis factor in mediating multiple organ dysfunction in rats following intestinal ischemia-reperfusion injury 157

Special Article

V. Negovsky (Russian Federation)
The neurological stage in reanimatology 169

P. Safar (USA)
Editorial comment 177

Literature of resuscitation 179
Announcements 185

In This Issue 187

Clinical Studies

A. Takasu, K. Yagi, S. Ishihara, Y. Okada (Japan)
Combined continuous monitoring of systemic and cerebral oxygen metabolism after cardiac arrest 189

J. Herlitz, L. Ekström, B. Wennerblom, Å. Axelsson, A. Bång, S. Holmberg (Sweden)
Adrenaline in out-of-hospital ventricular fibrillation. Does it make any difference? 195

J.W. Kaufman, R. Hamilton, K.Y. Dejneka, G.K. Askew (USA)
Comparative effectiveness of hypothermia rewarming techniques: radio frequency energy vs. warm water 203

N.F. Quiney, J. Gardner, W. Brampton (UK)
Resuscitation skills amongst anaesthetists 215

Current Problems in Resuscitation

A.A.J. Adgey, P.W. Johnston, S. McMechan (UK)
Sudden cardiac death and substance abuse 219

Viewpoint

P. Martens, A. Mullie (Belgium)
Sedation during and after CPR-efforts: is it worth a guideline? 223

Experimental Studies

C.F. Zwemer, S.E. Whitesall, L.G. D'Alecy (USA)
Hypoxic cardiopulmonary-cerebral resuscitation fails to improve neurological outcome following cardiac arrest in dogs 225

R.F. Buckman, Jr., M.M. Badellino, L.H. Mauro, S.C. Aldridge, R.E. Milner, P.J. Malaspina, N.B. Merchant, R.F. Buckman, III (USA)
Direct cardiac massage without major thoracotomy: Feasibility and systemic blood flow 237

R.W. Neumar, N.G. Bircher, K.M. Sim, F. Xiao, K.S. Zadach, A. Radovsky, L. Katz, E. Ebmeyer, P. Safar (USA)
Epinephrine and sodium bicarbonate during CPR following asphyxial cardiac arrest in rats 249
